CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

New Variety Cane Made Available

An early maturing sugarcane variety is being released to growers by the Florida Agricultural Experiment Stations.

Developed by the Everglades Experiment Station, Belle Glade, F.46-136 is being made available for planting this fall.

Early maturity is especially important for future expansion of the sugar industry in colder areas situated more than two miles from Lake Okechobee.

The Everglades Station has been conducting research on sugarcane production and, in cooperation with the U. S. Department of Agriculture, has been breeding and selecting for new varieties.

A limited amount of seed is available and will be released on or after November 1. Allocations of the seed cane will be in proportion to the total requests and the 350 tons available.

Growers should secure application forms from their county agricultural agent and mail the forms to the Everglades Station before October 15.

Upon receipt of the application, the Station will notify the grower of his allocation. Upon notification, the grower must affirm his allocation by sending the Station an intention payment of \$7 per ton. Checks should be made payable to the Florida Agricultural Experiment Stations. October 30 is the deadline for the intention payments.

Prior to November 1, growers will be issued certificates showing the amount of cane allocated, place and time to pick up the cane and how to make the final payment. Total price of the cane is \$23 per ton, with \$7 per ton paid in advance.

Rotary Accepts 2 New Members

At last week's meeting of the Pahokee Rotary club a new member and a student member were inducted into the club. Bill Howard, principal of the Pahokee elementary school, became a regular member of the club. The student member this year will be John Hundley, son of Mr. and Mrs. Lloyd Hundley of Bacom Point Road in Pahokee.

The student member is chosen by school instructors and he must rank in the higher bracket with his studies and have the attributes that will make him an excellent representative of the high school when he becomes a student member of Rotary. John Hundley fills the bill in admirable manner.

Past President Paul Rardin, on behalf of the club, inducted Mr. Howard and young Mr. Hundley into the club. Each was presented appropriate Rotary literature and the universally known and highly respected Rotary pin.

Wayne Sears returned Monday of last week to resume his studies at Old Miss, Oxford, Miss. He was accompanied on the trip by his mother, Mrs. Pope Sears and Mrs. H. H. Sears.

Smathers Will Address Folks At Ground Breaking Ceremony, Glades Sugar House

An address by Senator George Smathers will highlight public groundbreaking ceremonies signaling the start of construction of an 115 million sugar cane mill north-east of Belle Glade, at 4:30 p. m., Monday, October 2.

The mill—to be known as the Glades Sugar House—is part of a planned investment of some \$23 million by the Sugar Cane Growers Cooperative of Florida. The 53 member co-op was organized in July 1960, by representatives of all vegetable growers and packing house owners in the Glades area.

Senator Smathers will be introduced by U. S. Congressman Paul Rogers, representing Florida's sixth district. Commissioner Paul Rardin, Palm Beach County, will act as master of ceremonies.

Interest in the event is widespread because the ground-breaking marks the beginning of a major expansion of sugar production in the United States. The Federal Government banned all sugar shipments from Cuba more than a year ago and agricultural experts believe that expansion of the domestic industry is necessary to the welfare of the U. S.

Chevrolet Models Being Displayed

M. P. Stanley, owner-operator of Stanley Chevrolet, Inc., extends a cordial welcome to Glades citizens to drop by his place and see the handsome new line of Chevrolet automobiles for 1962.

Chevrolet's passenger car line-up for 1962 features extensive restyling and major mechanical changes for its standard models plus a new complete line of smaller cars to be known as Chevy II.

This will bring the company's 1962 passenger car line-up to 32 models—highest in its history—available in the Corvair, Corvette, Chevy II and standard Chevrolet lines. These cars will be displayed in Chevrolet dealerships beginning Friday, September 29.

The new Chevy II is larger than the Corvair but smaller than Chevrolet's regular car. Station wagons, a hardtop sport coupe and a convertible are included among nine models in the new line which emphasizes simplicity in styling and maximum functionalism in design.

Although the Chevy II design is basically conventional, it offers new front-mounted four- and six-cylinder engines, integral frame body construction with bolt-on front end and an industry exclusive in tapered plate rear springs. Both three-speed manual and automatic transmissions will be available.

From a styling standpoint, the standard Chevrolet for 1962 reflects the greatest change, although Corvair models and the Corvette will also feature a number of appearance changes as well as new exterior colors and interiors.

The new standard Chevrolet features a crisp, tailored look. The 1962 models have completely new sheet metal, grille work, bumpers and ornamentation, as well as new

(continued on page 8)

operation of the mill and the longer field work system are stabilizing factors," he added.

The Glades Sugar House was designed by Dr. Arthur K. Keller, Arkel Engineering Corp., Baton Rouge, La., internationally known designer and engineer of sugar houses.

Farrel-Birmingham Co., Ansonia, Conn., affiliated with Sucrocor de Abarca, Inc., San Juan, Puerto Rico, is in charge of construction. The mill is scheduled to be completed before December 1962, when the first grinding season will begin.

Officers, in addition to Wedgworth, are Robert D. Apelegren, Pahokee, vice president; and Walter J. Kautz, Canal Point, secretary-treasurer. Directors are: Joe Tom Boynton, Pahokee; Andrew Duda, Jr., Oviedo; Lewis Friend, Pahokee; Billy Rogers, South Bay; Fritz Stein, Jr., Belle Glade; John Tiedtke, Winter Park; Roy Vandegrift, Jr., Pahokee; and W. R. Wilson, Belle Glade.

Construction of the 5,000-ton daily capacity mill and the planting, harvesting, and processing of thousands of acres of sugar cane is expected to be of considerable economic benefit to the Glades area.

"More than 1,000 workers will be employed in the plant and fields and some 20,000 acres of cane will be planted along the eastern and southern shores of Lake Okechobee," said Wedgworth.

"We feel that the year-round op-

2 County Workers Taken By Services

Uncle Sam reached out his hand this week and touched the county commission for a couple of its employees.

Ordered to report for active duty was George Frost, assistant County Engineer who is slated to go on duty in October as a Lt. Commander in the Navy.

Vincent Bernola, rodman in the survey section, has also been called and is now taking basic training in the service.

The commission authorized payment of vacation time and military leave time for the two employees.

Canal Point Girls Win High Awards

Brooks Henderson, principal, Pahokee Junior-Senior High School, announced Wednesday that two of the school's students have been given recognition for their high achievement in the initial stage of the seventh annual National Merit Scholarship competition.

He said the students were named Semifinalists in the 1961-62 Merit Program as a result of their outstanding performance on the National Merit Scholarship Qualifying Test. They are Amanda Jannette Harrington, daughter of Mr. and Mrs. A. R. Harrington, Canal Point, and Kathryn Davidson Young, daughter of Dr. and Mrs. Wilburn C. Young, Canal Point.

These students are among approximately 10,000 seniors throughout the country who attained Semifinalist status through their high scores on the qualifying examination, a test of educational development given last March in more than 15,000 high schools.

The Semifinalist group is composed of the highest scoring stu-

(continued on page 8)

eration of the mill and the longer field work system are stabilizing factors," he added.

The Glades Sugar House was designed by Dr. Arthur K. Keller, Arkel Engineering Corp., Baton Rouge, La., internationally known designer and engineer of sugar houses.

Farrel-Birmingham Co., Ansonia, Conn., affiliated with Sucrocor de Abarca, Inc., San Juan, Puerto Rico, is in charge of construction.

The mill is scheduled to be completed before December 1962, when the first grinding season will begin.

Officers, in addition to Wedgworth, are Robert D. Apelegren, Pahokee, vice president; and Walter J. Kautz, Canal Point, secretary-treasurer. Directors are: Joe Tom Boynton, Pahokee; Andrew Duda, Jr., Oviedo; Lewis Friend, Pahokee; Billy Rogers, South Bay; Fritz Stein, Jr., Belle Glade; John Tiedtke, Winter Park; Roy Vandegrift, Jr., Pahokee; and W. R. Wilson, Belle Glade.

Ford Offers Many New 1962 Models

Hub Spooner, manager of Pahokee Motor Company, Ford dealers, is happy over the looks of the new 1962 models and asks his many friends to see the new models on display today.

Nearly 1,100,000 Ford Galaxies have been sold since the car was introduced less than three years ago.

"This strong sales achievement," said Matthew S. McLaughlin, Ford Division general sales manager, "is a credit to the fine styling and engineering features of the Galaxies and has prompted us to add another series, the Galaxy '500', to the line for 1962."

"The Galaxy and Galaxy '500' are low price, luxury automobiles—a segment of the market which has demonstrated strong consumer interest in the last three years," Mr. McLaughlin said.

In its first year, the Galaxy as a single series in the Ford line of standard cars accounted for more than eight per cent of the total industry sales. More than 464,000 Galaxies were sold in the 1959 model year.

High public acceptance of the Galaxy has continued and during the 1961 model year, Galaxy sales accounted for 44.5 per cent of the standard Ford total sales.

The Ford Falcon, most successful new car ever launched, will reach another milestone before the end of 1961—the sale of the one millionth Falcon.

Ford dealers sold 778,086 Falcons in the first 21 months since the introduction of the compact car, on October 8, 1959.

Pointing out that 1961 year-to-date sales are running well ahead of 1960, Lee A. Iacocca, Ford Motor Company vice president and Ford Division general manager, stated "with the introduction of the 1962 (continued on page 5)

Pahokee Reduces 61-62 Tax Millage

Accomplishing almost the impossible the Pahokee City Council reduced the tax millage for their coming year's budget. The council set the ad valorem tax millage at 12 mills which is 14 mills lower than last year.

The appraised valuation of taxable property within the city limits on which the new millage will be applied is \$6,231,269.

The combined total of the city's general operating and waterworks budgets for the coming year is \$391,000, approximately \$13,000 more than last year. The general operating budget totals \$292,000 and the waterworks budget \$99,000.

Funds were also set up for the down payment on a new \$17,000 fire truck for the Fire Department, the truck to be equipped for fighting fires with the new pressurized spray that reduces water damage to buildings.

The council accepted the bid of the Pahokee Motor Company for the purchase of a new police patrol car, a 1962 Ford four-door sedan, at a price of \$1,750, plus the city's old 1960 police cruiser traded in.

William G. Schneider, district homes representative, presented to the council a preliminary plat for a proposed residential subdivision, to be known as the Constellation Subdivision, located on the Robert Hutton land immediately south of Stuckey Village.

Funeral Services Pioneer Resident

Funeral services were held Sunday afternoon at the First Baptist church in Pahokee for Mrs. George Madison (Granny) Grimes, 95, who passed away late Friday night.

Services were conducted by Rev. Guthrie Colvard, pastor of the church, and Rev. James Boyd of West Palm Beach, a former pastor. Burial was at Port Mayaca.

Honorary pallbearers were deacons of the First Baptist Church. Acting pallbearers were Ruben Crews, Jr., E. J. Graham, John Bolt-on and Robert Henderson.

She had been a resident of Pahokee for 32 years, coming here from Sarasota, and was a member of the First Baptist Church.

Survivors include two sons, W. C. Grimes, Tampa, Ralph Grimes, Pahokee; two daughters, Mrs. Stevens and Mrs. Lillian Butler, Jacksonville; 19 grandchildren; 26 great-grandchildren, and two great-great-grandchildren.

The Womens Society of Christian Service had an all day meeting starting at 10:00 A. M. through 2:00 P. M. Thursday, Sept. 28. This was a study meeting on the book "The Land of Eldorado" with Mrs. J. P. Parker as leader. Meeting was at Old Methodist Parsonage.

Mrs. G. T. Echols of Canal Point was a patient in the Everglades Memorial Hospital Saturday night through Monday. She was stricken Saturday evening and was taken to the hospital for medical examination and medication.

General Meeting Missionary Union

The general meeting of the Canal Point Baptist Womens Missionary Union was held Monday evening at the church, with the out-going president, Mrs. Charles D. Stewart, in charge of the business.

Mrs. J. D. Latham presented a program on "Bring Our Gifts of Love" assisted by Mrs. J. L. McCall, Mrs. W. P. Hitchcock and Mrs. F. H. O'Connell.

Mrs. Charles Stewart installed the new officers in a brief installation service including the newly elected Sunbeam and G. A. leaders. Those elected for the new leaders were: Mrs. Loretta Pugh and Mrs. Rozelle Brantly, Beginner Sunbeam leaders; Mrs. Guy Thompson and Mrs. W. C. Fountain, Primary Sunbeam leaders; Mrs. J. H. Strayer and Mrs. Charles Stewart as Junior G. A. Leaders.

ATTEND FUNERAL

Out of town relatives here for the Grimes funeral were Mr. and Mrs. W. C. Grimes, Tampa; Mr. and Mrs. W. S. Grimes, Tampa; Mr. and Mrs. H. C. Grimes, Tampa; Mr. and Mrs. A. G. Grimes, Tampa; Mr. and Mrs. Lloyd Chaney, Lakeland; Mr. and Mrs. C. H. Hancock, St. Petersburg; Mr. and Mrs. L. C. Brown, West Palm Beach; Mrs. J. L. Butler, Jacksonville; Mrs. A. C. Herrington, Jacksonville, R. M. Grimes, Ocala.

Classified Ads

SPARE ROOMS for rent? If you have one, get in touch with this newspaper and insert a \$1 classified ad. It will get results. All ads payable in advance. The Everglades News, Canal Point, Fla.

SAMPLE COPIES of last week's edition of The Everglades News were mailed in Canal Point and new subscriptions will be welcomed this week. Just \$2.00 for a year will keep you informed of happenings in this area.

FOR SALE: New and used Willys Jeeps. Walter Ashley's Garage in Belle Glade, Phone 3088.
Oct. 17-54-ch.

APARTMENTS are needed by many folks coming into this area to earn a living. Do you have one for rent? Tell them and the world through a \$1 classified ad in these columns. Send along a description of the apartment and a \$1 bill and we'll do the rest. The Everglades News, Canal Point, Fla.

SUBSCRIPTIONS are due if your name label shows you to be in arrears on payment. Send along that \$2.00 payment now and we will continue to send you this great palladium of the family fireside. The Everglades News, Canal Point, Fla.

VACATION TIME is just around the corner. Before you take off, how about dropping a check for \$2.00 in the mail for your subscription to The Everglades News, Canal Point, Fla.

Births

Mr. and Mrs. Orestes Ortega, Sr. are the parents of a son, Orestes Ortega, Jr. born September 21st.

Deborah Marie is the name given to the daughter born Sept. 22 to Mr. and Mrs. Thomas R. Martinez, Jr., 186 Bartfield Road, Pahokee. (Barbara Vertommen).

Warehouse, Loading Platform Osceola

Osceola Farms, local sugar cane producers, will build a warehouse and loading platform alongside the Florida East Coast Railroad at Pelican Lake Siding just north of Unity Farms packing house. Work is scheduled to get under way within the next few days.

ENGAGEMENT

Mr. and Mrs. George A. Smith of Canal Point wish to announce the engagement of their daughter, Ila Mae Smith to Morris A. Kennedy, son of Mr. and Mrs. Norman A. Kennedy of Pahokee. Both Ila Mae and Morris are graduates of Pahokee High School, class of 1961. Wedding plans will be announced at a future date.

Safe Is Recovered In Drainage Ditch

Mr. and Mrs. J. S. Atkins of Pelican Lake returned home last week from a three week's vacation with relatives in Georgia and Texas. During his second week he learned of the robbery of the Pelican Lake Commissary.

He has been quite busy since returning home trying to replace all his personal papers which were left in the store safe.

Last Monday the stolen safe was recovered in a drainage ditch, one and a half miles northwest of Pelican Lake. Although his papers are somewhat water and muck sogged, they can be salvaged, and he feels fortunate to have found all the

papers belonging both to him and the Commissary. Also, those responsible for the act are safely behind bars in LaBelle jail waiting trial.

B. G. HOSPITAL BOARD

Gov. Farris Bryant has named three persons of Belle Glade to serve on the Southwestern Palm Beach County Public Hospital Board. They include Mrs. Ernel Mixon, Robert W. Lanier and Lee Berryhill.

Mr. and Mrs. Eugene Buchanan and daughter, Karen of Atlanta, Ga., arrived here last Thursday and are visiting their parents, Mr. and Mrs. W. K. Buchanan in Canal Point and Mr. and Mrs. Norman in Belle Glade.

The Ford in your future is here today!

Starting today at your Ford Dealer's, you will discover a line of Fords so long, so new, so varied that everyone will find his personal Ford—the car that fits his pleasure and his needs *precisely*. ■ For those who want a true luxury car, there are two distinguished new series of Galaxies—both swift as a rumor, silent as a secret. With Thunderbird styling, and quality that sets a new industry standard, the 1962 Galaxies give you every essential feature of far costlier cars. ■ If you are looking for economy without

compromise, look to America's favorite compact: this year there are more Falcons than ever to choose from—13 in all. ■ Wagon fanciers will find unprecedented variety—from a new wagon that seats eight to a Falcon Squire Wagon with the rich woodlike finish of the famous Country Squire. ■ Pick the Ford in your future with this confidence: every 1962 Ford is built to a standard of quality so high that it will change all your ideas of how fine, how quiet, how enduring a car can be.

GALAXIE 500 CLUB VICTORIA (foreground)
... GALAXIE TOWN SEDAN (background)
... The Galaxie 500—new in name, new in luxury—is for those who want all of the elegant extras. The 1962 Galaxie makes

it easier than ever to move up to fine-car luxury—at the low Ford price. All Galaxies are beautifully built to be more service-free. They go 30,000 miles between major lubrications, 6,000 miles between oil

changes and minor lubrications. Brakes adjust themselves automatically.

FALCON SQUIRE WAGON ... Brand new for '62, it's sleek and sophisticated. Inside, it is available with Futura bucket seats and console. Outside, it has elegant woodlike steel side paneling.

FALCON FORDOR SEDAN ... Just one of 13 Falcons for 1962, this 4-door sedan has an improved version of the Falcon Six engine that last spring recorded the best gas mileage for a Six or Eight in the 25-year history of the Mobilgas Economy Run.

Class Officers Named For 1961-62

The Pahokee High School Class officers for the year 1961-1962 are listed as: Senior Class, or grade 12: Janette Harrington, president; Jimmy Jackson, vice president; Yvonne Thompson, secretary; Robert Boe, treasurer; Bill Johnson and Don Kelley, business managers.

Juniors, 11 grade: James Veal, president; Joe Graham, vice president; Peggy Turner, secretary; Ruth Caldwell, treasurer; Connie Singletary, business manager.

Sophomore, 10 grade: Dorothy Lair, president; Walter Young, vice president; Dianne Graham, secretary; Tina Maxwell, treasurer; Harold Peacock, Charles Peadar, and Billy Kennedy, watchdogs.

Freshmen, 9th grade: Brenda Alderman, president; Faye Harris, vice president; Mary Lee Adams, secretary; Linda Douglas, treasurer. Alberto Fernandez-Morrell, sergeant at arms.

Mechanization Cited As Must For Florida Agricultural Growth

GAINESVILLE—More mechanization is stressed as one of the important needs in Florida agriculture by Dr. D. T. Kinard, head of the agricultural engineering department for the Agricultural Experiment Stations.

"For some agricultural operations we have rather efficient machines," he says, "but there are a number of jobs such as vegetable and fruit harvesting which still require large inputs of hand labor."

Dr. Kinard says the greatest improvements in mechanizing agriculture have been made in grain production. Not too long ago labor to produce the crop from an acre of wheat was 57 man-hours. Now the job is done with less than 2 man-hours per acre.

Corn production has been mechanized considerably, he adds, as has cotton production. But much less improvement, in terms of reducing the production labor required, has been made in vegetables, fruit crops, livestock and tobacco.

"These, of course," Dr. Kinard points out, "are among Florida's major agricultural enterprises and are of particular interest to the Florida Agricultural Experiment Stations."

In citrus production, moving fruit from the grove to the packing house or plant is fairly well mechanized, but removing fruit from the tree is still done by hand. Experimental mechanical citrus harvesting is being carried on at the Citrus Station at Lake Alfred.

The Gainesville Station is doing experimental work on tobacco production, particularly on new methods of curing.

Other work is being done on questions related to packing houses, potato production, equipment for applying chemicals, handling livestock feeds and water control on some types of Florida soils.

These and other questions are of important interest to Florida agriculture because the research will have a bearing on the success of many production enterprises.

TAX REFUND REMINDER GIVEN STATE FARMERS

GAINESVILLE—Economists with the Florida Agricultural Extension Service warn Florida farmers that claims for refund of federal tax on gasoline used for farming purposes must be filed by October 2.

Claims may be filed by farm owners, tenants or operators for the period July 1, 1960, through June 30, 1961. A refund rate of our cents per gallon is allowed.

No refund of the tax is allowed for gasoline used on the highway, in processing, packaging, freezing or canning operations; or for personal or nonfarming purposes.

File claims on Form 2240 (1961) with the U. S. District Director of Internal Revenue, Jacksonville, Florida. County agricultural agents, deputy collectors and the district director have this form and instructions for preparing it.

Local Garden Club In Thursday Meet

The Canal Point Garden Club met Thursday Evening for the first fall meeting at the home of Mrs. C. B. Stringari with Mrs. M. C. Carter, President, presiding.

Mrs. A. H. Scruggs introduced the guest speaker, Mrs. A. E. Hendry of Lake Placid, Mrs. Hendry spoke on planting and care of Caladiums also gave demonstration on palmetto frond basket weaving.

Mrs. Glenn Powell assisted Mrs. Stringari in serving refreshments to approximately thirty guests, including 5 visitors, Mrs. Dickey Shearburn, Mrs. Robert Ford, Mrs. Roland Kahle, Mrs. Columbus Wright and Mrs. Bob Hobson.

Rally Day Program By Local Baptists

The Canal Point Baptist Church plans to have a Rally Day Program on Sunday, October 8 in the Church. At this service the newly-elected Officers, Teachers and Leaders will be installed in a public service. The Family Dinner will close the morning services.

The Sunday School Superintendent, J. G. Weeks, and his fellow-workers are striving to have a record breaking attendance at all the services at the Church that day. Each family will bring "covered dishes" in sufficient numbers to guarantee a wonderful Church Dinner. Special announcements will be made next week about the Rally Day.

Conner To Consolidate Many Ag Depts.

TALLAHASSEE—Commissioner Doyle Conner announced today consolidation of some of the Department of Agriculture's inspection activities in a move toward greater economy and increased efficiency.

"Effective at once we are eliminating some overlapping activities in food and meat inspections," Conner said. "At the same time, certain livestock inspections are being consolidated in anticipation of a material reduction in the total field force as emergency programs are ended."

Up to now separate crews have been engaged in inspections for cattle fever ticks, screwworms and garbage cooking by commercial hog feeders. Systematic dipping and inspections of livestock in the tick program in the southern half of the state are coming to a close and remaining quarantines are expected to be lifted October 1.

Surprise Shower Honors Mrs. Bradow

The home of Mrs. J. H. Strayer of Canal Point was the scene of a surprise stork shower honoring Mrs. Eugene Bradow, of Belle Glade, Tuesday evening. Hostesses for the occasion were, Mrs. Don McKinnon of Miami, Mrs. Richard Darney and Mrs. Tommie Fae Rodgers both of Pahokee.

Pink and blue color scheme was carried out in the floral arrangements, using pink vine and blue bedelia, also in the table decorations and refreshments of cake and punch.

The honoree was unable to attend the shower due to the arrival of her daughter, little Miss Angela Lynette Bradow, Monday in the Belle Glade Memorial Hospital. The mother was Miss Donna Davis of Pahokee. Mrs. Bradow was represented at the shower by her mother, Mrs. Davis. Approximately twelve close friends attended the party.

AT THE HOSPITAL

Patients remaining in the Everglades Memorial Hospital, September 27 include Lucile Vann, Mrs. Thelma O'Conner, Evelyn Lamb, Mrs. Virgie Prince, Mrs. Hilde Lisa Zaballa and baby son, William T. Ward, Mrs. Josephine Humphries and Mrs. Mamie Hall of Pahokee, also Mrs. Laverne Kelly, Indian town, and Mrs. Louise De Vane, Canal Point.

FFA Chapter Has First Season Meet

The Pahokee High School F.F.A. Chapter held their first meeting Monday evening, September 25th, in the Agriculture Shop with Bill Johnson, President, presiding. Thirty-four members and four guests were present.

Leroy H. Thayer, Jr., of the Woodman of the World presented the club with a 50 star flag.

Plans were made to worm and doctor the cows in the F.F.A. pasture.

Norma Norman, Agriculture Teacher, Eddie Vertommen, Willie Veal, and Bill Johnson have made plans to attend National F.F.A. convention, Oct. 10th, in Kansas City, Kansas.

E. Vertommen expects to receive his American Farmers Degree. Willie Veal, 6th Vice President of the State and Bill Johnson, a representative of the Pahokee F.F.A. Chapter.

Convention Dept. For State In Work

TALLAHASSEE—The Florida Development Commission has accepted a recommendation by Chairman-Director Wendell Jarrard to create a new department. It authorized the creation of a convention department under the tourist division.

The new department, designed "to put the Florida Development Commission squarely behind the cities throughout the state in their efforts to bring lucrative conventions to Florida," will have an initial budget of \$30,000. That includes an \$8,000-a-year manager.

The commission also voted to ask the cabinet personnel board to exempt 25 positions from the merit system. Exemptions would mean the commission could hire or fire any of the people in those positions without going through the merit system of personnel administration. Reason given was that all the positions are policy-making jobs on the commission staff.

Garden Clubbers In Joint Meeting

The Pahokee Garden Club members joined the Sod Busters Garden Club and the Canal Point Garden Club Wednesday evening of last week in a pot-luck supper meeting at the Canal Point Community Center.

Mrs. Frank Friend, President of the Pahokee Club presided over the meeting.

Mrs. E. A. Jensen, Program Chairman introduced the guest speaker, Dr. Charles Hortenstine, Associate Soil Chemist at the Experiment Station, Belle Glade. He spoke on soils in relation to the Glades. The Pahokee Garden Club had charge of the table decorations and used Sea-grape leaves and Ixora flowers in the floral arrangements. Sod Busters Club set the tables and the Canal Point Club took care of the kitchen.

Since the meeting was held on Wednesday night the attendance was smaller than planned. Approximately 50 garden club members and their husbands enjoyed the pot luck supper and program.

Moore Home Scene Of Sorority Meeting

Mrs. Louise Zaccagnino, president presided at the dinner meeting of the Beta Omicron Chapter, Beta Sigma Phi Sorority, Thursday evening held at the home of Mrs. Frances Moore.

Lois White presented the program and spoke on the "Meaning of City Council."

The chapter chose Mrs. Elana Mindlin as their candidate in the International Valentine Queen contest and her picture was entered in the contest.

Mrs. Louise Zaccagnino was co-hostess.

Gaulden Harrington was a Sunday visitor in West Palm.

4-H Club Members In Thursday Meeting

The Canal Point Summer 4-H Club members met Thursday, Sept. 21, at 2:30 P. M. at the Community Building.

Mrs. Bruce Bitting and Mrs. W. E. McCall of Canal Point, 4-H leaders, were assisted by Janette Harrington, Junior Leader.

This was the last meeting of a series of the summer club in order for the girls to work on their record books required to complete their projects.

Projects completed were first and second years in sewing, first and second in preparing picnic meals, and one new project in dairy foods.

The club's colors of green and white were carried out in the refreshments of cake and punch.

Members attending Thursday's meeting were Gail Paige, Peggy Bitting, Sandra Jackson, and Nancy Harrington, three other members of the club, Sandar and Jackie Weeks and Brenda Ingram were absent.

Foliage Plants Also Need A Bath

Foliage plants are like people—they, too, need a bath.

Plants won't tolerate a daily scrub-down, but take on a healthy luster with an occasional leaf washing. Dirty foliage is unattractive especially in an otherwise spotless Florida room.

If the leaves are heavy with grime, use soapy water, a soft cloth and a gently touch. Rubbing too hard will cause injury.

Slightly dusty foliage will sparkle if polished with a flannel cloth. Plant polishes are available at the garden supply store. But before you use them, be sure to read the directions.

The proper watering of plants is more than giving them a bath. Too big a drink or none at all spells disaster. In general, most house plants require a thorough soaking once a week.

Don't use cold water, as it shocks the plant. A small dash of water frequently makes the plant miserable. Often the soil in the bottom of the container becomes dry, causing the plant to wilt or die. Keeping the plant roots soggy with water will kill them.

Most foliage plants grow well at temperatures between 60 and 70 degrees. Therefore, in summer protect the plants from being broiled alive by sun rays. In winter, don't roast the plant roots by placing the container on a radiator.

Plants are also like people in that they like their food served at regular intervals. The best sugges-

tion on feeding plants is to follow the directions on the container. Use a complete fertilizer in tablet or powder form.

If there are no directions on the container, mix one teaspoon of a complete garden fertilizer in one quart of water. Apply this strength solution every two to four weeks.

University of Florida Agricultural Experiment Station researchers give these tips on diagnosing plant troubles. Brown tips or burned margins to leaves mean too much fertilizer, you've let the plant roots dry out or you've let the plant become wind burned.

Yellowing and dropping of leaves indicates soil or gas fumes; overwatering, poor drainage or poor soil aeration. Small leaves suggest tight or heavy soil mixture, lack of fertilizer or not enough moisture.

Weak growth or light green color on otherwise healthy foliage perhaps indicates too much light, lack of fertilizer, root-rot or poor root systems. Yellowing, wilting or soft growth means too much heat or root injury.

Small leaves and long internodes are signs that the plants are growing with too little light or the temperature is too high for the plant.

If you are just starting a house plant project, here're some suggestions on containers.

Wooden tubs are excellent since wood prevents rapid drying out of the soil. Jardiniers usually lack drainage holes, which may cause a watering problem. Clay pots are fine and can be planted to blend with the colors in the patio.

Brass and copper are ideal for table and mantle arrangements. But as these containers are usually small, pay careful attention to water and fertilizer.

Soil is very important for house plants. Since they must survive on a very small amount, give them the best soil mixture available. There is no best mixture. However, a long-time favorite for many home-owners is a mixture of two parts peat and one part garden loam soil.

If you are hunting for plants that take little care and will withstand much abuse consider such plants as Bromeliads, Dracaena, Monstera Peperomia or Sansevieria. These plants don't seem to mind low light intensity or warm, dry rooms.

Plants that will grow in full sunlight include Codiaeum, Dracaena Ficus, Philodendron seloum and Sansevieria. Plants that will tolerate dry soils are Bromeliads, Pandanus, Peperomia, Sansevieria and Scindapsus.

For a complete list of house plants contact your county agent. Ask for Farmers Bulletin No. 1872, House Plants.

Mr. and Mrs. J. C. Harris of Pahokee spent the weekend as the house guests of Mr. and Mrs. Buford Justice in Jupiter.

Mr. and Mrs. W. S. Cross of Canal Point have as their house guests, their daughter, Mrs. Doyle Branyon of Melbourne.

Greater choice as

Chevrolet Offers 3 Lines for 1962

The wide range of choices Chevrolet dealers will offer for 1962 is hinted in this three-car photograph. Pictured to compare over-all length are (top to bottom) the 180-inch Corvair 4-Door Sedan; the 183-inch Chevy II 4-Door Sedan, and the Impala Sport Sedan which measures 209.6 inches. They are representative of 32 passenger car models which Chevrolet dealers will start displaying September 29. The new Chevy II's bow in on the same date as other Chevrolet-built cars.

Falcon models, we anticipate even greater sales gains by the industry's top-selling compact."

"We expect to reach the 1,000,000 sales mark by late November or early December, giving the Falcon an unparalleled sales record in the automotive industry," Mr. Iacocca said.

Mr. Iacocca also pointed out that the Falcon is not only the No. 1 selling compact in the industry, a position it has held since three months after its introduction, but is also the third best selling car in the industry.

The Falcon station wagon is the No. 1 compact station wagon in sales. The Falcon Futura, the luxury compact with bucket seats, has accounted for better than one of every five Falcons sold since its introduction in April, 1961.

Clewiston Eleven Play Here Tonight

The scrappy football eleven from Clewiston will furnish the opposition for the Pahokee Blue Devils on Lair Field in Pahokee tonight. Clewiston was held to a scoreless tie by Okeechobee last week.

The Pahokee squad won over Naples in their opening game by a real close score of 7 to 6 and bounced back last Friday night in their first home game to defeat Riviera Beach 14-0.

Deadline Is Oct. 6 For Small Claims

The deadline for filing claims in Small Claims Court for October will be Oct. 6. Court will be held on Oct. 26, with Judge F. A. Currier presiding at the Glades Office Building.

This Bel Air sedan is

One of 14 New 1962 Chevrolet Models

A distinctively new styling touch in both the front and rear end of the 1962 Chevrolets is a sharp departure from the sloping hood formerly used. The Bel Air 4-Door Sedan with twin wind splits on the hood is one of 14 new standard size passenger cars offered by Chevrolet in '62. The Bel Air models are exquisite, with new luxurious interiors and appointments. A new Chevy II series will also be shown by Chevrolet dealers when the 1962 passenger car lines go on display Sept. 29.

TODAY**A New World of Worth from Chevrolet for '62!**

'62 Impala Sport Coupe—with a roof line that looks like a convertible's

'62 CHEVROLET Rich new styling with Jet-smooth ride!

Here's everything a car fancier could want. Fresh-minted style that comes to a climax in the sportiest sport coupe you've seen yet. A road-gentling Jet-smooth ride. A new choice of V8 skedaddle. Rich Body by Fisher interiors. Beauty that's specially built to stay beautiful. Here in '62 is more than ever to please you from the make that pleases most people.

It's like owning an expensive car without the expense. Check it over from its clean-thrusting prow to its rakish rear deck. Then—head for the open highway. That sittin'-on-satin feeling you get is Chevrolet's famous Jet-smooth ride at work. The standard six and V8 are triggered to do special things on regular gas, and for real hair-trigger reflexes you have a choice of four optional-at-extra-cost V8's with out-

put all the way up to 409 hp. ■ New steel front fender undershirts guard against corrosion. Even the heater and defroster come as standard equipment this year. This is the kind of car that will make you feel luxurious all over, and your Chevrolet dealer will be only too happy to show you how easy it is to have one of your own.

Corvair Monza Club Coupe

THE '62 CORVAIR MONZA

The car that puts sport in the driver's seat!

Step right up and meet the latest version of the car that's proved its mettle in the fiercest competition going—'62 Corvair. Bigger new brakes team up with Corvair's renowned rear-engine traction for just about the surest footed going on the road. A new Monza Station Wagon makes its debut. And all models sport freshly tailored upholstery inside matched by sassy new styling accents outside.

Chevy II 300 2-Door Sedan

HERE'S THE NEW CHEVY II

Modern basic transportation in a totally new line of cars

Here are all the solid, time-tested virtues you know you can count on from all the Chevrolet family—plus some surprises you've never seen on any car before. A full line of saucy new-size models, each built a new way for easier service and maintenance. Thrifty? Choice of a frugal 4- or spunky 6-cylinder engine (in most models). Roomy? Sedans seat six solid citizens. Price? A real pleasant surprise!

See the '62 Chevrolets, the new Chevy II's and '62 Corvairs at your local authorized Chevrolet dealer's

Christian Science Group Of Canal Point

The importance of distinguishing between sound and unsound thoughts will be brought out at Christian Science services Sunday. Scriptural readings in the Lesson-Sermon entitled "Unreality" will include these verses from Psalm 119: "I hate vain thoughts; but thy law do I love. . . Thy righteousness is an everlasting righteousness, and thy law is the truth."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this citation will be read (p. 288): "The suppositional warfare between truth and error is only the mental conflict between the evidence of the spiritual senses and the testimony of the material senses, and this warfare between the Spirit and flesh will settle all questions through faith in and the understanding of divine Love."

PAY BIG DIVIDENDS

The Ford F-100, (top) and Falcon Sedan Delivery (bottom), are two members of Ford's 1962 fleet of light duty trucks. The F-100 one-half ton pickup is powered by the Ford "223" six or optional "292" V-8, both proven economy leaders. The three-man cab features wide-opening doors with no dogleg and handle-operated latches that make the tailgate easy to open and close. Standard body is the Styleside with integral cab-and-box construction. The Flareside box, with wooden floor is optional on all F-series pickups. Standard power plant in the Falcon Sedan Delivery is the economical 85-horsepower six; optional is a more powerful 101-horsepower engine. Low loading height and an easy-to-operate tailgate are customer-convenience features. Styling changes include redesigned fenders, hood line, grille and rear taillights, and new standard and deluxe interior upholstery and trim combination in the cab.

ATTENDS BREAKFAST

Mrs. Frank Friend, President of the Pahokee Garden Club attended a breakfast Monday 11:00 a. m. at the West Palm Beach Club building in West Palm Beach.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The county commission this week rejected a request for a franchise to haul garbage and trash, made by W. L. Daugherty who has been operating in the north end of the county.

The commission indicated it was turning down the request because of alleged infringement of regulations in the past, by Daugherty.

In other actions this week the commission:

Approved a rental lease for a sheriff's department sub station at Delray Beach.

Heard that the State II Board has approved a proposed bulkhead line for Jupiter Narrows in the north end of the county.

Received a request from the Town of Palm Beach, which was referred to the boards attorney and engineer, asking the county to approve a Palm Beach outland and pier line established in 1926 by the Corps of Engineers.

Approved a lease for a cocktail lounge at International Airport starting Nov. 1.

Heard that condemnation proceedings have been instituted to obtain 26 parcels of right of way needed for improving Military Trail.

Authorized Commissioners Lake

Ag Group Names Its New Officers

The new Agricultural Stabilization and Conservation County Committee for the year beginning October 1, 1961 was elected.

A. R. Harrington, Canal Point, was re-elected Chairman; Joe Friedheim, Belle Glade, was re-elected Vice-Chairman; E. E. Cooper, Boynton Beach, was elected Regular Member; C. A. Thomas, Lake Harbor, was re-elected First Alternate; and Kermit Dell, Delray Beach, was re-elected Second Alternate.

Mr. Harrington will start his twenty-third year as a committee-man, and has served longer than any other committeeman in Florida.

The County ASC farmer-committee is in charge of local administration of such national farm programs as the Agricultural Conservation Program, the Feed Grain Program, the Conservation Reserve Program, the National Wild Program, the Sugar Program, acreage allotments and marketing quotas, commodity loans, and storage facility loans.

Harold Wilkinson Suffers Attack

Harold Wilkinson of Pahokee suffered an attack Tuesday morning at Rockyford, Colo., while enroute with a hunting party to Wyoming, and is a patient at a local hospital there.

Harold along with three other Pahokee men, George Tucker, Rupert Mock, and Thadd Whidden left Pahokee Sunday on a hunting expedition in Wyoming.

Mrs. Wilkinson accompanied by her brother-in-law, Ellis left Tuesday by plane to visit her husband during his illness. Their three children are visiting in the home of another brother, Mr. and Mrs. James Harry Wilkinson.

PTA Group Plans Monday Meeting

The Canal Point Parent-Teachers Association will meet Monday, October 2, 8:00 p. m. in the Canal Point Cafeteria, with Mrs. W. E. McCall, President, presiding.

Floyd Erickson will present a program on the history of the Canal Point School with Mrs. Mildred Larrick in charge of the program.

Mrs. Earl Wilson will be the Publicity Chairman, left vacant by Mrs. Gene Bradley who recently moved to Pahokee.

Sorority Meeting At Tyson Home

Mrs. Bill Moss president at the meeting of the Beta Tau Chapter of the Beta Sigma Phi Sorority, Thursday evening at the home of Mrs. James Tyson.

Mrs. Ellis Wilkinson announced plans have been completed for a visit to the Norton Art Gallery on October 5th.

Following the business session secret sister names were revealed and gifts exchanged, after which the group enjoyed a dessert bridge. Mrs. Bill Moss was presented with a high score prize. Mrs. C. E. Williams was a guest.

Church Changes Its Meeting Hours

The time of the Sunday evening services at the First Baptist Church of Pahokee will change the first Sunday of October. Training Union will begin at 6:30 p. m. and the Evening Worship will follow at 7:30.

At the Evening Worship Hour on October 1st the five choirs of the church, under the direction of

Mrs. Guthrie Colvard, will present a sermon in song as a climax to the week of music training and the September music month emphasis. The public is invited.

LODGE POSTPONED

Regular communication of Everglades Lodge No. 211 F. & A. M. for Tuesday, October 3, 1961 has been called off, on account of official visit of Most Worshipful Grand Master to this 26th district in Florida, to be held at Acacia Lodge at Stuart, on this date.

PAHOKEE MOTOR COMPANY

PAHOKEE, FLORIDA

Chevrolet Models—

(continued from page 1)
exterior colors and restyled interiors. New roof lines for sedans and the Impala sport coupe also highlight the new styling.

The new Chevy II, while being slightly larger on the outside than the Corvair, is designed to give passenger car and luggage space more nearly equal that of the standard Chevrolet. The car is 153 inches long and has a 110-inch wheelbase. It is 70.8 inches wide and 55 inches high.

E. N. Cole, Chevrolet general manager, said "The Chevy II is designed to provide good basic transportation for the average American family and at the most reasonable cost. This includes not only the original purchase price but also more economical operating and maintenance expenses."

The car has simple, yet refined styling. Finely sculptured lines flow the length and width of the car to give it a long and substantial appearance.

The nine Chevy II models are divided into three series, with station wagons listed in each. In addition, two-door and four-door sedans are included in the 100 and 300 series. The Nova series also includes a sport coupe and convertible.

The tapered plate spring introduced on the Chevy II is an industry first and fulfills a long-time dream of automotive engineers. It is the result of years of research to find a rear spring arrangement which would cut the weight and assembly time of multi-leaf and coil springs while providing friction-free ride quality.

The new rear springs are mounted in heavy rubber insulators for maximum noise isolation. The spring is a steel bar five feet long with variation in thickness and width to provide uniform stress distribution.

Economy of operation is emphasized in both the four-cylinder and six-cylinder engines designed specifically for the Chevy II. This will mark the first time since 1928 that Chevrolet has offered a four-cylinder power plant. The four-cylinder engine has a 153 cu. in. displacement and is rated at 90 horsepower. The six-cylinder unit has 194 cu. in. displacement and generates 120 horsepower.

Canal Point Girls—

(continued from page 1)
dents in each state and in the United States territories. Each Semifinalist now moves a step closer to winning a four-year Merit Scholarship to the college of his choice.

To increase their opportunities to obtain financial assistance if they need it, the Merit Corporation sends the names of Semifinalists to all accredited colleges and universities and to other scholarship-granting agencies and financial aid sources. Studies show that about 50 per cent of the Semifinalists obtain scholarship assistance from sources other than the Merit Program.

The Semifinalists will take another rigorous examination, the three-hour Scholastic Aptitude Test of the College Entrance Examination Board, to be given in testing centers throughout the nation on December 2, 1961. Students whose scores on the second test substantiate their performance on the qualifying test and who are endorsed by their high schools will become Finalists in the competition. In past years, more than 97 per cent of the Semifinalists have become Finalists. All Finalists received a Certificate of Merit in recognition of their outstanding performance in the program.

As Finalists, the students will be eligible for scholarship awards sponsored by about 150 business corporations, foundations, associations, individuals, and the National Merit Scholarship Corporation itself.

In the final phase of the competition, the high school grades, extracurricular activities, school citizenship, and leadership qualities of the students will be evaluated along with their scores on the tests. About April 26, 1962, the names of the Merit Scholars will be

announced, the exact number depending on the extent of sponsor support of the Merit Program.

Each Merit Scholarship is a four-year award to cover the undergraduate college years. The recipient's stipend is tailored to his need. Stipends now average about \$800 a year.

For Merit Scholars who require financial assistance, awards may reach a maximum of \$1,500 annually. For students who already possess financial resources which will enable them to attend the college of their choice, awards of \$100 a year are granted.

The minimum stipend is a form of "educational insurance" for the student who receives it, because the amount will be increased at any time while he is in college if there is a significant change in his family's financial situation.

Finalists designate the college they wish to attend and the course of study they plan to pursue. The colleges chosen by the Merit Scholars in most instances also receive supplementary grants ranging up to \$500 per year to help defray the actual costs of educating the students.

The Merit Scholarship Program

The 1962 Ford Galaxie line features a crisp, fresh approach to Ford's classic styling. Shown here is the Galaxie 500 Sunliner convertible, one of twelve models in the Galaxie line. While the new Galaxie is slightly shorter and fractionally narrower than the 1961 model, the large passenger compartment is the same as 1961. Large door openings, coupled with Ford's convenient two-position door stops, make entering and leaving the Galaxie an easy and natural movement. The Sunliner top is anchored at each roof bow to prevent "ballooning" when underway. The vinyl-lined top is stowed under a color-keyed boot.

was established in 1955 with grants from the Ford Foundation and the Carnegie Corporation of New York. The National Merit Scholarship Corporation and sponsors have thus far contributed direct financial as-

sistance to nearly 5,000 students and their colleges.

COFFEE HONORS DAUGHTER

Mrs. W. S. Cross entertained Tuesday 3:30 p. m. at her home in

Canal Point with a coffee in honor of her daughter, Mrs. Doyle Branyon. Coffee and home made banana-coconut cake was served to approximately twenty guests who called during the afternoon.

HERE NOW — 1962 FORDS

The 1962 Galaxie by Ford... a new standard of automotive quality. It's silent as a secret, swift as a rumor. And it's beautifully built to be more service-free. Routine service is reduced to a minimum—30,000 miles on many items, 6,000 miles on the rest. Galaxie and Galaxie/500... cars with Thunderbird elegance... Thunderbird power!

The 1962 Ford Falcon... more from the car America loves most. Now there are 13 wonderful Falcon models, including the brand-new Falcon Deluxe Club Wagon (offers twice the cargo room of big wagons). You get top economy along with this big, new choice of models, too... With an improved version of the famous Falcon Six.

The all-new Falcon Squire... only compact wagon of its kind! With its smart woodlike trim, the Falcon Squire brings new sophistication to the compact field. The Squire also gives you foam-padded seat cushions front and rear... a counterbalanced tailgate with an electrically operated rear window... and the longest loadspace of any compact wagon.
